25	A		General	Healed without prayers during exam		I fasted daily for four days and ate nothing for the last three days. The occasion itself was colorful. The liturgical ritual was beautiful, but my mind was on higher things. I hoped I would receive a vision of Jesus. I did not. All I got was an overwhelming feeling of His presence. But the next seven days were different from any others in my life. My routine day consisted of seeing patients with various problems - talking to them and examining them. For that week, all my patients were healed without prayers during examination	From Medicine to Miracles – Dr Isaacs – Sodeye
35	A		Various	All healed – new church	A	In a village in Tudun Wada Jandutse I went to see about starting a church. I was asked why I had come without bringing drugs from the charity clinic. I explained that although I had no drugs, I came with Jesus who was better than drugs. They formed a queue of people with various complaints and they were all healed. The church was immediately founded.	From Medicine to Miracles – Dr Isaacs – Sodeye
16	A	a	Whole body	Pain gone – speak in tongues		On one of those occasions, I rebuked the disease and the pain only to suffer from pain all over in my own body. I struggled with it in prayer without any improvement. The same student friend who had led me back to Christ (Ibeneme - now a famous minister and a gynaecologist) had argued me out of my reservations on the subject somewhat earlier. Now, as I wrestled in prayer, I found myself repeating "WAKIL AH." Within seconds, the pain oozed away. In this way, I was converted to speaking in "tongues." 62	D	a	Mouth – gum problem	Normal	U	Once I was praying for a man with a sever gum problem that caused great pain. As I was praying, I felt the Lord wanted me to slap him. I could not bring myself to do it; instead I tapped him on the shoulder lightly. Nothing happened... So I struck hin on the forehead with the palm of my hand (not enough to hurt him) and the pain in his gums left immediately... Later his dentist said his gums had returned to normal. (p157)	Power Healing – John Wimber
93	D	a	Tooth – chronic pain	Pain stopped	E	My client, Andrew, was suffering from a chronic tooth pain that had been going on for some time At the end of our weekly prayer meeting for his company, I asked if I could pray for his tooth. I laid hands on him and commanded the pain to go and the tooth to be restored. At the next prayer meeting a week later, at the end of prayers, Andrew asked if we fel the Lord was saying anything else to us. I felt the Lord say to me: "Ask him about his tooth" which I did. At the point, he realised that the pain had stopped. He has since acknowledged again that he was healed through prayer	Jamie MacAlister testimony
67	F	a	Head - migraine	Healed – drunk in the spirit	U	He said that while he was lying prostrate on the floor he had one of the most profound spiritual experiences of his life... for years he had suffered with migraine headaches... so serious that his superiors had considered withholding ordination until they were healed ..but the... "I felt a tremendous power come over me... then something left me followed by something coming into me. I felt drunk through the rest of the servce. And all of my migraine symptoms left me. I was healed! I feel better than I have ever felt in my life. (p229)	Power Healing – John Wimber
70	F	a	Head / neck - pain	Healed		For example, recently one (demon) told me his name was Kimutu. I then asked "What does it mean?" Again he resisted but finally said: "Pain" This made sense; I was praying for a man who had pain in his neck and head. I immediately commanded the demon to leave: "In the name of Jesus, I command you to leave this person" The man was healed. (p241)	Power Healing – John Wimber
78	F	a	Neck & shoulder	No pain	E	Since the prayer for my neck and shoulder I have had painless nights after treatment from physiotherapy and drugs were of no avail. I have had great relief since that night at Hockley (p139)	Total Healing – Trevor Dearing
150	F	a	Head-aches	Felt better	U	Over the past six weeks, this young boy had been suffering from incapacitating headaches that had left him vrtually crippled... So right there in the aisle, we invited God's presence as we laid hands on the little boy. After a few minutes, e began to feel much better... P22	"The Ultimate Treasure Hunt" – Kevin Dedmon
96	G	a	Shoulder - pain	Pain gone	E	Man on a disability scooter had lived with a pain in his shoulder for a long time – was prayed for and reported that he slept well for the first time in ages, woke up the next morning and the pain was gone. He then came and asked for prayer for his friend, who later reported something strange going on in her back and now it is healed. Although previously not church people, he said to expect them both at church on Sunday.	Healing on the Streets – Ivybridge – Oct 2009
151	G	a	Right arm	Pain left	U	We had "hurt right arm" on our Treasure Map. It turned out that she had hurt her right arm several months earlier and it had still not healed. We began tp pray simply: "Lord let your Kingdom ceom; let your will be done in this arm as it is in Heeaven" Immediately, the pain let her arm, and the mobility was fully restored. p24	"The Ultimate Treasure Hunt" – Kevin Dedmon
164	G	a	Right arm mobility	Healed – no need for surgery	U	I became frustrated that I had not heard my specific ailment which kept me from some of the activities I enjoyed before the injury. So I called out my own "word of knowledge" and I was instantly healed. I was sharing this testimony at a church when a young man jumped out of the crowd and said "That's I'll take that for myself" He began to wildly swing his right arm in a windmill motion, and sped up... he finally stopped and yelled out "I am healed! I am healed" He then swung his arm	"The Ultimate Treasure Hunt" – Kevin Dedmon

169	G	a	Right shoulder - pain	Healed – received Christ	U	Our Treasure Map led us to a coffee shop where we found someone from our list with a "hurt right shoulder"... after conversation we asked if he would like us to pray for his shoulder. He explained that he was not a Christian and did not believe in this "hocus pocus" stuff. After we explained that he had nothing to lose and everything to gain, he agreed...he stood there with a cup of mocha in his hand, we laid our hands on his shoulder and he was instantly healed. He was so overwhelmed that he had actually been healed that he began to ask who we were and what we believed... came to a healing service that night – he and his daughter both received Christ in their hearts. p 200	"The Ultimate Treasure Hunt" – Kevin Dedmon
52	I	a	Back – twisted body – pain crutches	Healed – untwisted – running	U	They were in a Target parking lot and saw a man with crutches, his body twisted up. He was in obvious pain... she asked if she could pray for him. so they took him aside.. the wife didn't want to talk about God, but this man was miserable and had been praying for 18 years to die. He allowed them to pray and his body untwisted and became straight. He sprinted around the parking lot. He was absolutely set free and healed. 101	I	a	Back - pain	Pain gone	E	Someone came because of back pain – prayed and as he stood up, all the pain was gone and he was genuinely shocked!	Healing on the Streets – Plymouth – Sept 2009
103	I	a	Bad back – longer legs. Feeling in fingers.	Legs got longer – pain gone	E	A number had come with bad backs due to one leg shorter than the other and they were instantly healed. As we shared this with a group of teenage girls, one commented that she had a bad back – so we prayed for her. Her back was healed and her leg grew as her 10 friends looked on and watched. A passer by saw this and asked for prayer – and was healed while at the same time gaining movement and feeling back into 3 of his fingers where he had lost all feeling ten years ago	Healing on the Streets – Bath – Sept 2009
116	I	a	Back – pain/bent	Upright – no pain	E	We prayed for someone who didn't really expect God to heal her but asked us to pray with as she was doubled over with back pain. Prayed for some time with no breakthrough, then suddenly one of the team felt God told them to bless her mother. Instantly she was standing upright and the pain was gone.	Healing on the Streets – Coleraine – Oct 2009
131	I	a	Back pain due to legs different length after cancer op	Leg shortened to exactly right length	U	There was a girl who had cancer in her leg. They had to remove a large piece of bone and replace it with a metal rod. They made it an inch and a half too long because she was 27. An because she hadn't grown any more in those 12 years, she had problems with her back. Because of my recent experience in which God covered me, I took her leg and commanded the one with the metal rod to shrink. It yielded to the command. She came back to me the next day and told me it was perfect. She then stated she was glad commanded the leg with the metal to shrink, because if the other grew in length, the doctors would have told her: "See, we told you, you would grow into it" (p108)	Release the Power of Jesus. 97	K	a	Abdomen – swelling - pain	Swelling gone	E	A lady sat down who had little sleep the night before having been nauseous that night and morning. After prayer, the abdominal swelling decreased and a real sense of well-being returned.	Healing on the Streets – Plymouth – Sept 2009
171	L	a	Painful hip after replacement – needed cane to walk	No pain – walk without cane	U	The man had received a hip replacement eight years prior, but it had not been fitted properly, causing continual pain. They asked if they could pray for him to be healed, but his response was that he was a "realist" and did not believe in God, let alone that he could heal him. The students responded that they too were "realists" and that God "really" could heal him. ... he agreed to let the students pray for him. After a short prayer, one of the students asked how he felt. As he began to move around, he was surprised to find that he had absolutely no pain in his hip and he no longer needed the cane he had previously used to help him along. p208	"The Ultimate Treasure Hunt" – Kevin Dedmon
109	M	a	Legs	Better	E	A lady spoke to someone several weeks ago, but didn't come for prayer. She is sure the lady prayed for her legs as she walked away, because they are better.	Healing on the Streets – Colchester – Aug 2009
157	M	a	Thigh	Healed	U	"Does your leg hurt also?" Taken aback by this insight, he sheepishly confessed that it did, pointing to his thigh. "God wants to heal you. Can I pray for you?" "Well I guess if you want to" ... at that, she began to command the pain to leave and without a thought slapped his leg as hard as she could. The teenager began to jump up and down "What did you do that for... what the..." He then began to proclaim that he had been totally healed and boldly testified of the miracle to everyone	"The Ultimate Treasure Hunt" – Kevin Dedmon

95	N	a	Knee	Healed	E	One lady had her knee healed so came back the following week for prayer for a friend	Healing on the Streets – Ivybridge – Sept 2009
107	N	a	Knee - pain	Healed – pain gone	E	Mrs V had a bad knee with pain at 4 out of 10, when walking. As we prayed, the Holy Spirit came and the pain left. She walked off, and came back to tell us that her leg was healed, she experienced no pain walking.	Healing on the Streets – Bath – Oct 2009
118	N	a	Knee	Healed	E	There was a girl who sat for prayer who told us she had been here 2 ½ years ago and she got prayer on the streets for her knee, and God healed her knee and she has had no problems since	Healing on the Streets – Coleraine – Oct 2009
152	N	a	Right knee	Healed	U	Just then, another employee walked by limping, which of course was caused by a problem in his "right knee". Now the Treasures were coming to us. We ended up praying for him, and God healed him right there on the spot. p24	"The Ultimate Treasure Hunt" – Kevin Dedmon
158	N	a	Knee	Healed	U	Cherise began to share the gospel with everyone who had now gathered around ... as the team began to walk away, another of the teenage boys stopped her and asked her if she could pray for his knee ... "Of course I can. The Lord heals you" and without even laying her hands on him all the pain left and he ran off to join his friends... totally healed. p79	"The Ultimate Treasure Hunt" – Kevin Dedmon
163	N	a	Knee	Healed	U	I explained the Treasure Hunt and that God had highlighted it to me because he wanted to heal his knee. He said he was in a hurry, to which I said it wouldn't take long. "How long would it take?". Before I could think it through I boldly proclaimed "Only a couple of minutes" Have you ever wanted to lasso your words...before I could, he said "OK, do it" So another woman who also had "knee" on her list and I began to pray. Immediately, his knee was completely healed, right there on the sidewalk of the strip mall. p159	"The Ultimate Treasure Hunt" – Kevin Dedmon
89	O	a	Foot – painful toe	Healed	E	When the cell group laid hands on my big toe – sparked off by Peter D. It was painful and looked like it was going sceptic. The next morning, from what I can remember, the pain had gone.	Jamie MacAlister testimony
99	O	a	Foot – heel - pain	Pain nearly gone	E	A lady had prayer for her right heel that was in pain. She felt emotional after being touched by God's presence, and the pain in her heel was nearly all gone	Healing on the Streets – Plymouth – Sept 2009
156	O	a	Limp - ankle	No pain - jumping	U	She noticed the teenager had a brace on his foot and then showed him the Treasure Map on which she had written "limp". She began to point out that God wanted to heal his ankle.. he agreed to let her pray. She simply commanded all the pain to leave in the name of Jesus, then instructed him to test it out. He began to jump up and down on the injured foot and proclaimed that he had no pain whatsoever.	"The Ultimate Treasure Hunt" – Kevin Dedmon
110	F	b	Neck - injury	Healed	E	Another man turned up at City Church. When prayed for his neck injury was healed.	Healing on the Streets – Canterbury – Aug 2009
130	G	b	Collarbone – not healed properly after injury - lumpy	Restored – smooth	U	Once I was talking with a man and he happened to mention that he had a lump on his collarbone. He explained that it had never healed properly when he'd broken it several years earlier. I responded that I saw broken bones healed all the time. His wife grabbed his hand, put it on the lump and said "You're healed" Just like that, the bone was perfectly smooth. (p 80)	Release the Power of Jesus. Bill Johnson
114	H	b	Thumb – crushed - pain	No pain – moves freely	E	A young man had a crushed thumb which had been in pain for 6 months. After prayer he could move it again and was free from pain.	Healing on the Streets – Canterbury – Aug 2009
160	H	b	Wrist – not healed properly	Pain gone – mobile – led to Christ	U	One of the team members asked at to whether her husband had any pain associated with his recent surgery. "Oh yes . he is on main medication" Went on to ask if we could pray – apprehensively she approved - we gathered around and began to release the presence of God on him. As we spoke to the pain, commanding it to leave and began releasing the shalom peace of God, the man broke into an ear-to-ear smile and then started crying. Troubled, his wife questioned him for a few minutes and finally reported with a stunned expression that all of the pain had left his wrist. 						healing him and asked her to tell him to remove the brace, which she did. With the brace removed, we instructed her to have him move his wrist around. He looked confused... She repeated the request and he began to move his wrist, bending it up and down. His face turned to utter shock upon seeing that he had complete mobility of the very wrist he was not supposed to be able to move. His wife broke into tears and repeatedly thanked us for helping her husband – she went on about how they had been so distraught over the loss of income due to the disability and how her husband could now go back to work..... so right there in the hardware store next to the "rakes", we had the privilege of leading this Cuban family of five to Christ.p118	
58	I	b	Back – injured and not healed properly – couldn't bend	Could bend and place hands on floor – no pain	U	Dale came to my office to confess sin. ... had deceived us out of some money. I expressed God's forgiveness... and asked him about his back. Walked in with difficulty and was obviously in pain. ... showed two scars on his back. Had broken his back some years ago, and recently been in a car accident that aggravated the injury. He told me that God would like to heal him, but that he probably got in His way. I told him he wasn't big enough. All I could picture was the greatness of God and the puny condition of man. ... he did begin to doubt his doubt. That was all it took. I laid hands on him and invited the Holy Spirit to come and give his gift of healing. I then commanded it to be healed. He bent over, placing his hands flat on the floor saying "I can't do that!"... repeated this over & over again. 85	I	b	Back – injured / pain / immobile	Pain gone – now fully able to labour	E	Rex Walcott. In 1975, I seriously injured my back and was off work for 7 months. At St Thomas. they concluded they could do nothing except fit a steel corset for support, and advised me to avoid any heavy lifting etc. In 76, I went to a meeting where Don Double prayed for me. I felt a sudden surge of heat go through my neck and spine. With that the constant pain I had suffered stopped. I knew I no longer needed my corset. I shared my experience with friends who were sceptical and said it was all in my mind. To prove them wrong, I took two days leave, and built a patio, which amazed my neighbours. When I went back to St Thomas's for a check-up, I told the doctor "The Lord has healed me" He replied: "God has trumped again, medicine does not have all the answers" (p62)	Healing the Jesus Way – Don Double
108	I	b	Back injury	Pain reduced	E	Prayed for an old injury in a man's back which felt icy cold while the rest of him felt hot. After praying, the temperature evened out and the niggling pain reduced.	Healing on the Streets – Colchester– Aug 2009
127	I	b	Back - injury	Healed	E	A woman with a four year old back injury said that no-one could help her and she came for prayer in tears. She went away laughing and joyful. God healed her. (Walk Kent Page 18 bullet 2)	Walk Kent
154	I	b	Injured back	Pain gone - healed	U	Chad and the team approached the woman and asked if she wanted prayer. The woman adamantly declined, indicating she was in a hurry. Instantly the "back injury" clue came to his mind as the woman was backing out of the parking space and he yelled out "You were in a car accident two weeks ago. You have pain in your back and it hurt to sit down.! Absolutely shocked, she stopped in the middle of the parking lot and confessed that she had been in a severe car accident two weeks prior, leaving her with a debilitating back injury... Chad and the team gathered round and began to release the presence of Jesus on the Muslim woman. Immediately all the pain left her back, and she was completely healed. Chad then talked to her about Jesus and she responded: "I want to know Jesus the way you know Jesus" p47	"The Ultimate Treasure Hunt" – Kevin Dedmon
162	I	b	Ruptured disk - back	Pain gone - healed	U	We had a young man living with us who had been disabled for three months due to a ruptured disk in his lower back while at work, He had just gone through surgery, but had not been helped. ... Finally he pleaded with me to pray for God to heal him. I was just about to launch into a comforting prayer when he yelled out "Do you feel that fire on my back where your hand is?" My hand felt like it was on fire and I had not even prayed. A few moments later, he bent over than jumped high in the air and exclaimed, "That is amazing! All of the pain is gone; I am healed!" He continued "This is amazing.. this is amazing" and then started crying as he continued to jump around our living room demonstrating his complete healing. p128	"The Ultimate Treasure Hunt" – Kevin Dedmon

"Have you ever invited Jesus Christ into your life to be your Lord and Saviour? DO you know him personally?" "Not really" Jerrie committed her life to Jesus there and then .. she was immediately filled with the Holy Spirit and collapsed in a heap on the settee. Tom followed suit and was also filled. 						Jesus Christ. I commanded all the bone muscle and tissue to submit to the name of Jesus Christ and cast out spirits of infirmity. ... As I prayed, I felt the hips realign and come back into the place they were meant to be. Next we prayed for his legs, and everyone looked on in amazement as Tom's leg grew three inches in my hands. It was awesome, we could physically see them grow. Next I got him to get up and walk. He got up and walked unaided, his face radiant with joy. It was a wonderful site to behold. We all started to jump up and down, praising the Lord. Jerrie now had a lovely smile.. told her: "Pray only to God and not to Mary...".	
33	M	b	Leg – tibia and fibula fracture – nerve gone	Healed. No crutches	A	On January 14th, 1983, one of the Nigerian nurses who helped at the Charity Clinic brought a pathetic problem to me. Her husband had badly fractured the two bones, tibia and fibula of his right leg some weeks before. The nerve running between the two bones had been cut and the end of the upper half was swollen and had developed into a tumor (neuroma). He had gone to England, but the combined work of a neurosurgeon and an orthopedic surgeon had failed because the gap resulting after removing the tumor was too wide. I asked her to bring him on the 15th of January. She said he did not believe in such things. I asked her to fast and pray and try her powers of persuasion. Eventually at 5:25 p.m. on the next day, I saw an irritated gentleman in my office. (I had kept them waiting.) I told him some Bible stories of miracles, with stories of previous Jesus miracles in my experience. These stories stimulated faith in him and he agreed to pray with me. When we finished, I asked him "Did you ask Jesus to heal you?" He did not answer, but moved to test the leg. When he touched the foot, there was sensation, and he was able to move the toes. When he touched the knee area, there was no pain. He started to cry. His wife, who was kneeling by him, also did her own investigation and started to cry. Meanwhile, they had told me nothing but I could guess what had happened. I walked round the garden. When I returned, he had discarded his crutches. I tried to persuade him that he could support the new bony joint for a while. He merely stamped his foot on the ground and went out shouting for people to hear his testimony. The next day (Sunday) I was away preaching at the Cathedral. He insisted on giving his testimony and apparently gave the best sermon for that day.	From Medicine to Miracles – Dr Isaacs – Sodeye
55	M	b	Legs – limp / pain	Leg grew – no limp or pain	U	Luke walked with difficulty, needing the help of a cane. I asked him if he would take the braces off his leg and let us pray. He said yes. ... we laid our hands on his wrists, commanding the tunnel to open and all numbness and pain to be gone. He then moved his hands feely, experiencing the healing he had just received. ...He had suffered a horrible accident, as a result he had an artificial shin and hip and had even lost half a lung. When the surgeons put him back together, his leg was an inch too short. . Encouraged both him and his wife to watch what God was about to do. Held his legs in such a way that they could see the problem. We commanded the leg to grow. It did. When he stood he shifted his weight from side to side "Yeah that's about right". I asked him to walk across the room, which he did gladly without a limp or pain. God was at work. He replaced one inch of missing bone and removed all pain caused by Luke's accident. 119	M	b	Shin – bruised and with lumps	Leg grew - lumps gone	E	She now needed prayer for her shin. After asking to measure the length of her leg, as we prayed we saw God grow her leg. There were lumps and bruises on her leg between ankle and knee, God reduced the lump and the bruising started to fade. The more we prayed, the more God healed. 124	M	b	Leg – broken not healed well / callipers	Bones restored – calipers off	E	"In one location, two Walkers met a man whose leg had been broken in three places and had not fully healed, so he wore a calliper. He said he had once met the Lord but his beliefs were private. They asked to pray for his leg and a personal problem, to which he agreed. His leg started to burn and we felt the bones in it move. He stood up and loosened his calliper off" (Page 15, bullet 7)	Walk of 1000 men Pennines 1991
165	N	b	Knee – torn ligaments	Felt fire – pain gone – started walking without limp.	U	He approached the woman to enquire about her apparent injury and found out that she had recently fallen off some stairs and torn the ligaments in her knee. She explained that she also had severe neck pain from the accident. She informed him that she was Hindu and did not believe in his God, but could go ahead and pray. So right there in the middle of aisle 12 of a local supermarket, he laid his hand on her shoulder and released the presence of Christ. After a short prayer, she reported that she felt fire in he back and immediately all the pain left. He then asked her about her knee. She couldn't tell withoutv taking off her knee brace. H instructed her to take it off, and after doing so, she began walking up and down the aisle without any pain or limp. 45	B	c	Homosexuality	Set free		p109 One Wed evening, a homosexual man we'd been dealing with several weeks in preparation for deliverance came to a mid-week service. He'd brought with him another homosexual who needed to be delivered too. He told me. "I'm readu to be delivered tonoght" I said:"Not tonight" "Why not?" "Because its just me by myself.." He answered: "I'm not leaving this place with these demons" ... basicall he insisted. Go Jamie, before she was his wife to help. "Father I don't know what to do" Imediately, he fell to the ground and started barking like a dog, writhing like a snake, and throwing chairs against the wall. Jamie stood praying as fast and furious as she could. Didn't know what to do but asked: "What's your name. Tell me your name, in the name of Jesus?" All kinds of demonic manifestations happened. They were making a fool of me. I prayed "O God help me" The Lord just reminded me of how he commanded spirits: So I declared: "In the name of Jesus, I command all of you to shut up and come out of this man!" – BOOM – he instantly stopped. He fell on the floor and appeared to be dead. But when I rolled himover, he was worshipping Go saying "Thank You, Jesus. I'm free. They're gone. Thank You." He'd been totally set free. 68	B	c	Homosexuality	Changed sexual orientation	U	For those who suffered from compulsive sexual sin that had its roots in the sins of their parents, I speak healing to that area. For example, if a man has struggled with homosexuality, I say "Lord, I ask that you bring healing and wholeness to this persons genital organs. Cleanse his organs with the power of your blood." On several occasions, they reported later that almost all remembrance of their homosexuality was wiped away, and their sexual orientation became heterosexual. (p237)	Power Healing – John Wimber
74	B	c	Mind - Fears	Healed	E	The Lord brought me to your meeting... you laid hands on us with prayer and I want you to know that I have been wonderfully released from deep fears which have been passed through several generations. 112	B	c	Fear of being around people	Peace & God's presence	E	A lady came to us with her sister – she was scared of being around people. We were just praying peace for her, then one of leaders said "Let the fear be gone" and started shuddering, and when she had calmed, she asked if there had been anyone behind her and we said no, and she said "I just felt a presence and I feel so at peace now"	Healing on the Streets – Canterbury – Aug 2009
123	B	c	Mind – depression / empty	Joy & fullness	E	"Woman came forward, said whe was feeling frustrated, empty. She had given her life to Jesus but something was missing. We asked the Lord to fill her with the Holy Spirit and he did. She was full of joy and bubbling over. The frustration and the emptiness had gone. We met her a few days later still glowing. 126	B	c	Mind – depression / head-aches	Head – aches gone	E	"I was brought up to go to church and have been a regular attender for over 50 years. But there was something missing. When the walk of 1000 men were in Ingleton, I went to a coffee morning. God really spoke to me at that meeting. When the men asked me if anyone wanted to receive Jesus as Saviour, I put up my hand. ... That evening I went to the big meeting and heard Daniel Cozens speak. I went forward for laying on of hands for the depression I have had for years. I am different onw. I used to be very quick tempered and antagonistic. Now I am more patient and I hope loving. I feel so different with Jesus in my heart. I enjoy fellowship in my nurture group. The second time we met, I had a terrible head-ache. I've had them for years. I was prayed for. 21	B	ca	Mind - Epilepsy	Instant healing		a girl of twenty was brought by her brother, a committed Christian, to my office. She had intractable epilepsy. Three brethren, including her brother were encouraging her to repent whilst I was on my table, writing. "I have no sins in my life" she said. At that instant, an inner voice said to me. "Get up and challenge that statement." "But I know nothing about this girl" I retorted. "Arise and go towards her. When you open your mouth to speak, I will instruct you." That was my guidance. I obeyed. Because of the three brethren present, I whispered in her ear. "You are involved in regular fornication. A gentleman drives to your school once a month and takes you out of boarding school for a weekend of sin." She broke into profuse sweating. The brethren thought it discreet to leave the room. She confessed, but explained that it was with her boyfriend. I brought her to understand that it was an extramarital and immoral situation and she repented. She was instantly healed. 37	B	ca	Epilepsy – petit mal	Healed	A	A Muslim teacher (Mailam) also brought his ten-year-old son to me in February 1986. The child had petit mal (the failing sickness of Julius Caesar) - a form of epilepsy. The boy had been sent away from school because it was frightening and embarrassing to the other children. The Mallam had to be persuaded after two weeks on anti-epilepsy drugs that only Jesus could help. However, he was still arguing as to the identity of the Holy Spirit when the boy fell from the chair to the ground. The Lord then graciously demonstrated the power in the name of Jesus by raising the boy up. The Mallam agreed to call on the name of Jesus, without whom nothing was made that was made" (John 1:3). The child was made completely whole from that day.	From Medicine to Miracles – Dr Isaacs - Sodeye

72	B	cc	Mind - Depression	Healed	E	My marriage broke up nearly three years ago and I took it very bad. I spent some time in a psychiatric hospital. I returned home dependent on anti-depressant tablets and sleeping pills. I used to hide, and chain smoke all day. Mr Dearing laid hands on me and prayed for me. 75	B	cc	Mind - depression	Healed in 30 secs – joy	E	Marcia was too distressed to move out of her pew to receive ministry, so I laid hands on her as she sat in the choir stall sobbing. After.. she become peaceful, and I asked her to come forward for ministry with anointing oil.. she emerged a transformed woman. The psychiatrist was amazed at the remarkable change in his patient, who was now filled with joy and happiness. She was immediately able to look after her family. ... In a television interview some time later, she said it had taken Jesus just half a minute to heal her. (p110)	Total Healing – Trevor Dearing

57	B	dd	Brain – stroke – lost feeling on right side	Feeling restored	U	Walter had experience two strokes in the previous year, which left him without feeling on the entire right side of his body... showed me a burn on his arm suffered not knowing he was being burned. Conviction, one of words to detect faith, began to burn in my heart. ...began to pray for him with my hand on his shoulder... had become aware of the Kingdom where no numbness existed...prayed "Father this was your idea, commanded us to pray for things to be here as in heaven, and there's no numbness there... so I command in the name of Jesus the nerve endings to come to life. I command full restoration of feeling in this body." Soon after, he told me that he felt my hand on his shoulder, and could even feel the fabric of my shirt with his right hand. 19	A	e	Body – polio / crippled	Healed – running around		"The truth is that I can do nothing for your grandson's polio. However, I have seen my friend Jesus deal with such problems when other people have prayed. You hold on to the right thigh of the boy and I will put my hand on his head. Tell Jesus to repair the leg and I will pray along with you." I gave the instructions hurriedly because I wanted to get rid of her. When we had prayed, both of us supported the boy, as he staggered a little. "Take him home and as you exercise him, he will improve." To my mind what I was talking was rubbish, but they believed me and left. Two weeks later, there was a greeting from the open door to my room. "Yes, good afternoon." I replied, burying my head in my work. The greeting was repeated. I was irritated because I was busy. "Can I help you?" I asked, rather unfriendly. "Don't you recognize us?" she asked, pushing a little boy towards me - the boy ran towards me. "No, I don't. I am sorry; I see a lot of people all the time. Madam, I already explained that I am busy." "Don't you remember praying for a crippled little boy two weeks ago? This is the boy." I started to cry. It was too wonderful for words. That was the first spectacular physical miracle I had seen at close range. I almost could not believe it. When did Jesus come in? My laboratory is an untidy place, not suitable for such things. 14	I	g	Back – osteoporosis	Healed – no pain		Encouraged by Chas' testimony, a lady called Norma came out for prayer. She had been in tremendous pain for 23 years due to osteoporosis and was desperate for a breakthrough. I asked: "DO you believe Jesus can heal you?" "Oh yes Davey replied in her Scottish accent". "OK then Norma, imagine you are the woman in the crowd, trying to push your way through to Jesus" She closed her eyes .. there was a hush. I anointed her head with oil and laid hands on her. "In the name of Jesus Christ of Nazareth, I command the spirits of pain and infirmity to leave now, and I command healing to this body!" I shouted. Norma immediately hit the floor under the power of the Holy Spirit. Spent an hour there, and when she got up, she had no pain in her. She was rejoicing with a huge smile and tears.. 69	I	g	Back - spine not straight	Straightened	U	Several years ago, I prayed for a young woman with a scoliosis of the spine. She was wearing a T-shirt, so when I looked at her back, I could see her back was severely deformed, with a tow-inch variance from the middle to the top. I stood behind her and spoke to the spine: "In the name of Jesus, I command you to straighten" Then I went up the spine, placing my hand on each of the vertebrae and watching them move back into place. I said: "That one, Lord, straighten that one" And another vertabra would move. As I prayed, the woman felt heat all over her body (she began to perspire) and she experienced what she later described as a state of ecstasy. She looked drunk. By the end of our prayer time, her back had only a half inch variance. (p239)	Power Healing – John Wimber
87	I	g	Back – spine splitting	Pain gone	E	Carol Griffiths. Carol's doctor told her that the pain she suffered was caused by a degeneration of her spine... it was splitting in two, ...confirmed by X rays. After responding at one of Don's meetings, he prayed for her. She went out, collapsing and falling to the floor as the Holy Spirit touched her and began to heal her. 20	C	k	Eyes - blind	Sight restored - conversions		Two months later, in December, the grandmother of a sicker patient of mine was brought in. I had referred the old lady (almost 60 years old) to a Consultant Ophthalmologist. Now, they were reporting back that the problem was brought too late. She was already blind. She was in despair, as she only lived to look after her grandson. Because of the healed cripple, I offered to pray. But she was a fanatic Muslim and she rejected the idea outright. However two weeks later, she was back in her desperation. After stalling for time to make sure she had faith, I called her in and prayed a simple prayer. There was a slight difference after the prayer, compared with the status quo. I dismissed her. In the meantime, there was a mighty crusade by a renowned American evangelist, T. L. Osborne in Benin City. Mr. Osborne gave us a lot of books and tools for evangelism and the distributor, Rev. S. G. Elton suggested that I should be the curator. Within a week, I became Coordinator of the evangelistic thrust in Ibadan, centered around students in the Teaching Hospital and the University of Ibadan. As a result, there were always a lot of people hanging around in my room. The old lady returned. There were altogether seven visitors in my room, excluding Christian brethren. I was so afraid to ask about her sight. Indeed, I complained to one of my student mentors. "Why does this woman not leave me alone. I have done all I can for her." This was in the corridor, and on my way back into the room, the Holy Spirit charged me with cowardice. "What will you lose by inquiring after her health?" the inner voice said. "But there are so many people" I countered. In any case, the Spirit prevailed. In a very small voice, I asked "What about your sight?" "I can see now" she replied. And I burst into tears again. All the seven visitors present which included four Muslims, gave their lives to the Lord Jesus right there.	From Medicine to Miracles – Dr Isaacs - Sodeye

They were seeking surgical help to prevent total loss of vision in the remaining eye. I explained that the surgeon who did that particular operation had left for USA. In any case, no recovery of sight was possible, as he had thought. His wife claimed she had dreamt that they would receive help in Kano. I shared with them testimonies of what God had been doing in the ministry and encouraged them to fast the following day to seek the face of the Lord. 36	C	k	Eyes - blind	Healed – sight	A	One doctor (in 1985) traveled from near Port Harcourt in South East Nigeria to see the eye specialists because he had bled into one eye, and the eye was blind. I explained that there was nothing that doctors in Nigeria could do (the chances of getting good results in a few centers in the USA and Europe were also slim). However, as I shared the gospel and the stories of Jesus' miracles I had witnessed, he began to see. 44	C	k	Eye - blind	Sight restored – new eye		p85 After preaching the message to about 100 people, I declared, "Let's demonstrate! Is there anyone here who is sick?" A 17 year old boy came forward who was blind in one eye. I laid hands on him, prayed, rebuked everything I knew to do and commanded him to see. Then I said: "Cover up your good eye and look through the other. How many fingers do I have up.?" He couldn't see anything. Many thought "wll this doesn't work..." I said; "look I believe what I am teaching is true. It's not because God hasn't healed him. We're not waiting on God to do something. We're having trouble getting from the spiritual realm to the physical. You're welcome to leave if you want to, but if you believe what I taught and want to stay and prqy with me, you're welcome to. About 25 stayed. So we gathered around this boy and started praying "Father we believe it is tru – You have healed We bind whatever is keeping this from coming into physical manifestation. Give us wisdom and show us what is going on" Also prayed in tongues to build ourselves up in faith according to Jude 20. Went on for half an hour. Every 5 mins, I would ask the same question Really seeking God for wisdom. All of a sudden, the Lord said "He needs a miracle not healing" My next question "What's the difference?" Praying in tongues, wondering if this is really God. The Don Krow, assistant pastor spoke out, saying "God told me he doesn't need healing, he needs a miracle->" So we stopped and I asked. "So what's wrong with your eye anyway?" He said: "When I was a baby with an eye infection, they operated on me and removed my lens and retina. I don't even have the necessary parts to be able to see. 						said that I said, "You don't need healing, you need a miracle. You need a creative miracle for God to put those tings in there. So I cupped my hands over his face and declared: "Lens and retina, I command you to come into this eye in Jesus' name" Then I had him cover up his good eye and ask how many fingers was I holding up. He answered "1,2.." and could see. The Lord had opened his eye!	
63	C	k	Blind	Healed – sight restored	A	I was in a meeting in Cape Town in which a man was crying "Is there a blind man in here?" It so happened that a man who was blind in his right eye was nearby. The weeping man said "if I take the tears from my eyes and put them in his,he will be made well" So the pastor took some tears and placed them on the blind man's eyes. He was instantly healed. (p 157)	Power Healing – John Wimber
166	C	k	Blind eye	Healed	U	En route back to the car, he noticed a man with a patch covering his right eye. The Lord spoke to him "this is the sign I am giving you today" Chad stopped the main and asked why he had a patch – to be told he was blind. As Chad placed his hand on the patched eye, the man felt an immediate change. He then removed the patch to discover that his blind eye had been completely healed. p187	"The Ultimate Treasure Hunt" – Kevin Dedmon
22	D	k	Dumb	Singing		"We can't let you go without some prayers", I said to the group of about fifteen. "Have the deaf and dumb to sit in front" - there were a few of them - "and the others in the second row, please." I said a quick prayer. "Let's sing "hallelujah" twice and we'll call it a day" I said. Half-way through the singing I noticed one of the boys, aged about twelve and sitting in front singing. "Stop" I said. "How is it that you never obey instructions. Who put this boy here in front?" I asked belligerently. "I did, sir". "But he is singing." Then the penny dropped! I started to cry. It was too wonderful for words.	From Medicine to Miracles – Dr Isaacs – Sodeye
32	D	k	Deaf & dumb	Hearing & speaking	A	"You are cheating him. His diarrhea and vomiting will pass away, but his deafness and dumbness will remain." "I am sorry" I replied "But my Hausa is so poor." "Excuses, excuses" was the retort. So I called the boy back and my interpreter communicated with him in sign language. I put his index fingers in his ears and his thumbs on his tongue. When I had prayed silently for a moment, I shouted "Ears, open in the name of Jesus" in Hausa (Mark 7:34). I then shouted "Mouth, open in the name of Jesus" because I did not know the Hausa for "Tongue, be loosened." Nevertheless, I took his fingers off and asked him to repeat "Nagode, Allah" which is "Thank you, God" in Hausa. To the glory of Jesus, he repeated it, though imperfectly at first. He was perfectly successful at the third attempt. Within that year, there were two other similar cases.	
53	D	k	Deaf	Healed	E	In Rugby England, a team of us were ministering and there was an elderly man who didn't know he was going deaf, but his neighbours knew because he had his TV so loud. He finally said: "I need prayer". Someone prayed for him and he was healed. Afterwards, he said "Oh this is horrible. Everything is too loud" (P88)	The Supernatural power of a Transformed Mind – Bill Johnson p 32-33
100	D	k	Speech impediment	Healed	E	A chap came along who reminded the team they had prayed for him some months ago. He came back to say he was 100% better and his speech impediment had also been healed	Healing on the Streets – Plymouth – Sept 2009
125	D	k	Ear – poor hearing	Clear hearing	E	"In the same locality, a local church member went forward for prayer with Daniel Cozens for a hearing defect. Daniel prayed three times; the third time the man could hear clearly, even a faint whisper. He has since testified publicly to his healing" (Page 15, last bullet)	Walk of 1000 men Pennines 1991
172	D	k	Hearing - aids	Healed – lost it then restored again	U	Noticed that the man had hearing aids on both ears, and asked if he would like the team to pray for his ears as well. Without hesitation.. the man pulled the hearing aids out and began to converse with the students about the nature of his hearing problem and his desire to be healed. The team member placed his hands on hte man's ears and prayed a short, simple prayer. The man was not immediately healed so one of the women on the team began to pray for the man's ears. After a short time, the man began hear everything the student was praying and asked her to stop yelling. The student explained that she was not yelling, and then both realised that he had been totally healed.... the next evening the man was at the front door of the church.. he confessed he had gone home and told his wife that he had been healed by God and his wife had responded that it was not true, but just a hoax. Immediately, the man's hearing was lost again, which is why he showed up at the meeting wearing hearing aides. During the meeting, there was an invitation for anyone to stand who needed healing. Without hesitation the man stood to his feet and his ears were re-opened. A little while later, an invitation	"The Ultimate Treasure Hunt" – Kevin Dedmon

1	H C	k	Crippled hand / blindness	Instant healing	E	I was to become more confident in my praying. One day, a lady called Cindy from Holy Family asked me to pray for her hand that had been crippled with arthritis. In the name of Jesus I commanded the arthritis to go – and it did. Then a lady called Irene received her sight after a brain operation had left her blind in one eye.	"Gangland to God" Davey Falcus p160

71	I	k	Back – encaphilitis / paralysed	Healed – walked	E	When the clock on the wall told me it was time to break for lunch, I said "Are there any comments or questions?" In the front row sat a young woman in her twenties. "Excuse me, but what is actually wrong with you?" I never liked talking about it: "Oh I've had five attacks of encephalitis.." and tried to move on."I've never had anything like this happen to me before", she mumbled, I've only been coming to church for a few months, but I feel God is telling me to tell you that you are going to get well" It had happened . here was the person I had waited to meet for so long. "Would you mind saying that again?" I said. As she repeated it, I burst into tears of sheer relief. "She has to pray and lay hands on me" I said Then she loses her... but later "Please would you mind praying for me?" She gazed in silent dismay at me. "I'm sure if you lay hands on me, I would be healed" "Its all new to me.." she said "I don't have a gift of healing" ... "What do I do now?" Someone said just put your hands on her head, and allow God to use your hands as you pray, then his power can flow through you" She was so nervous I could feel her hands shaking, her words did not use any flowery language. I felt absolutely nothing. When I opened my eyes, no one gazed at me to see if I would stand up. "Well" I said, as people drifted away, "I am not going out of here in a wheelchair". The moment I moved, I knew something was different. Whenever I had been sitting upright for a time, my muscles used to stiffen until they locked. It used to take a long time and a great deal of effort. That day, I simply stood up. ...needed privacy... walked away from everyone and hid in the ladies loo. It was probably the first time anyone had ever locked themselves in there in order to waggle their limbs about, jog on the spot and discover just how hard they could grip the toilet roll. 121	I D	k	Back – bent – needing stick. Speech - slurred	Back straightened / no stick/ speech clearer	E	"Our host's back was very bent over and he walked badly, needing the help of a stick. He was prayed for and his back suddenly straightened. He felt the muscles in his back move, stood up straight and walked out without his stick. On the way home, he said his head was clearer than it had been for months, his speech was no longer slurred and he felt normal again" (Page 15, bullet point 4)	Walk of 1000 men Pennines 1991
26	M	k	Legs - paralysed	Healed		There was a case with both hands and both legs paralyzed - quadriplegia. A nice girl of about twenty. The paralysis was caused by a "cancer" in the spinal cord, high up at the back of the neck. I treated this in the hospital, but realizing how hopelessly spread out it was, I witnessed to her about the healing power of Jesus. She accepted the Lord. We then had to find a way for her relatives to smuggle her out of the hospital to the Faculty Office (about five kilometers away) where I had my fellowship. It was like Peter and John in Acts chapter three all over again. After the prayer, her brothers and I helped her up and at first, she merely staggered up and down. She was fully healed and ambulant later with exercise	From Medicine to Miracles – Dr Isaacs – Sodeye
38	M	k	Legs - lame	Walking	A	the Lord signaled His approval by the signs that followed. A woman brought her ten-eleven year-old son who had never walked. I had "word of knowledge" that the woman was responsible for son's lameness. The woman confessed and was delivered. She joined us in the prayer for the son and over five hundred witnesses saw the boy walk for the first time in his life.	From Medicine to Miracles – Dr Isaacs – Sodeye

			couldn't walk without crutches	restored		Don held his Good News Crusade in the city in the sports stadium. Friends carried Elizabeth there. Doctors said she only had days to live, and had suspected AIDS. Because so many want healing in overseas crusades, Don asked people to stand and put their own hands on the place that needs healing. He then prays a general prayer, believing that the Holy Spirit will move across the crowd touching everyone that wants to be healed. He then invites everyone that has been healed to come forward to testify. After this, Elizabeth was able to walk, with some assistance, to the platform and glorified Jesus, saying that something had happened. When she met Don again in Feb 1990 in his second Kampala crusade, he reports that she is perfectly well, is walking with no pain and enjoying a healthy life. (p14)	Way – Don Double
161	N	k	No kneecap	Healed – new kneecap	U	The reason the woman was limping was that she had no kneecap. nfazed, the ministry school student told the woman to wait for a moment while she went to Heaven to get a new kneecap. She lifted her hand and grabbed what seemed to be air. She then placed her hand on the woman's knee. Immediately, the woman began to exclaim that she had received a new kneecap as she ran through the crowd completely healed. p125	"The Ultimate Treasure Hunt" – Kevin Dedmon
60	O	k	Feet – club – facing inwards	Healed		There was a family visiting from Montana with a similar need; their little girls' feet turned inward at about 45 degrees, causing her to trip over them when she ran. When they heard of Jesus healing the club feet, she said in her heart "I'll take that for my daughter" Following the service, she picked up her child from our nursery and discovered that her daughter's feet were perfectly straight. The testimony prophesied, the mother believed and the daughter was healed. P 189	When Heaven invades Earth – Bill Johnson
168	O	k	Fallen feet arches – limited ability to walk	Arches renewed – walking with no more pain	U	A pastor approached me .. asked if I would be willing to pray for him. He explained he was an avid skier and had five months ago sustained an injury while skiing. Both arches had fallen leaving his feet completely flat. This had caused such pain that he could not continue skiing and had to be transported on the sled. Since then, he could only walk about 50 feet without severe pain. He expressed how desperate he was to be healed.... I began sharing testimonies of how I had seen feet healed in the past, how I saw a young girl's flat feet grow arches before my eyes... as I continued to pray, I periodically moved my foot back and forth to each of his feet. 2 months later, he came back to confess that he had judged me in thinking... "This is the laziest prayer I have ever seen. This guy is so lazy he wont even bend down to pray for my feet." He had felt disappointed after my prayer that a pastor would have so little compassion. As he walked to his car after the lazy prayer, his arches became so painful that he had to sit under a tree... decided to take his shoes off to examine the source of the pain and when he did, the pain left. He then looked down to find that both of his feet had developed brand new arches. He removed the supports from his shoes and began to walk with no more pain p 196	"The Ultimate Treasure Hunt" – Kevin Dedmon
6	X	k	Distracting noise	Noise stopped	A	The following morning I was preaching in teh Sunday service at the Koblenz hall in Mombasa. Down the street, we could hear this incessant wiling coming from the loud speaker of the local mosque. .. so lud it began to interfere with my message. Decided that some drastic action was needed, so took authority and shouted in the direction of the open window: "In the name of Jesus Christ of Nazareth, I command you to be silent.." Everyone waited in expectancy. After a couple of seconds, we heard a fizzing noise from the mosque's loudspeaker, and suddenly there was silence. The church erupted into cheering – like Elijah's victory on Mount Carmel.	"Gangland to God" Davey Falcus p209
76	C	k a	Eyes – blind & migraine	Healed – sight restored	E	I came to you for healing prayer. I was blind in my left eye and almost in my right. It was the next day, I was healed of blindness and later I realised my migraine was also gone after 44 years. The next day I was able to look at the sky without my dark glasses. 23	B	I	Brain – virus / meningitis / no feeling/ dumb/blind/ deaf	Healed & conversion		<p>"We have a case for you. This boy of about eleven-and-a-half had been ill for a week prior to admission. He had signs of meningitis and was treated in a private hospital with antibiotics. Investigations on admission, however, showed that the causative organism was a virus and the infection has spread to the brain, saving only the brain stem. He cannot feel, talk, see or hear. Indeed, he is dead to the world apart from feeble breathing and heart sounds", he concluded. "Why have you invited me, I am not a neurologist" I queried. "I've been asked to discharge him sir, but I was told that you pray for hopeless cases" he replied. All eyes swiveled round and centered on me. Apart from crusades, I had kept my praying activities confined either to my office or to the church. I was diffident but I was determined not to put my Lord to shame. "Where is he? He's a Christian, of course?" I asked. The parents of the boy answered in the negative. "We are Muslims but we do not object to being prayed for." "It's a little more than that", I said. "I am not the healer. The healer is Jesus and there are three conditions you must satisfy." I then explained that since Jesus cannot be seen, the parents who will stand proxy had to believe Matthew 18:20 - if two or three gather in His name, He is present. In addition, his recorded miracles took place 2,000 years ago. However, they would have relevance if they believed Hebrews 13:8 - Jesus the same, yesterday, today and forever. Finally, His miracles were done in Palestine, but they are relevant here because of Matthew 28:20 - He promised to be with us. I asked them to consider these conditions and to come to my office two and a half hours from then if they agreed. Frankly, I hoped they would not. I had never prayed for anybody like this before. I waited and after three hours, I breathed a sigh of relief. I was just preparing to go for the lunch break, when shuffling sounds in the corridor announced their arrival. "Come in" I said in answer to the knock. The father and mother staggered in carrying the boy who was rigid like a board. "Are you sure you agree with the conditions?"</p> <p>I asked. "You can deceive me, but you cannot deceive the man who is the healer." "We are sure" they replied. I read a passage from Mark 5, about the woman with the issue of blood and the raising of Jairus' daughter. "The same Jesus is here, if you believe" I said. My friend Ibeneme was present. I anointed the child and prayed, with both of us laying hands on the boy. Before I could stop myself, I was prophesying. "The child will sleep normally tonight. In two and half days, he will sit up, eat and talk. A few days later, he will be discharged." Soon they were gone and the reaction set in. "What had I done? Had I ruined my career? What if nothing happened? A Consultant raises the hopes of a patient, without any rational indication." I need not have worried. For whatever He says, He is able to perform. The following day, after watching the boy sleep, both parents came, knelt down and gave their lives to Jesus. And it all happened exactly as the Lord had said it would.</p>	From Medicine to Miracles – Dr Isaacs - Sodeye

He had been bitten by a brown recluse spider. The bites had caused the muscles on the left side of his body to be somewhat paralysed, while leaving him riddled with pain. He said his wife had told him to go to a light therapist- he had received several treatments without any noticeable change. I responded "The Light of the World, Jesus, can heal you right here and now." He agreed to let me pray. Simply release the light of the presence of Christ on him in a very short prayer without touching him, and then asked him what he was experiencing. 17	G	x	Arm - cellulitis	Pain gone – swelling burst		However, six weeks later, when I returned from much travelling, I developed a throbbing cellulitis on my left arm. After praying, I got only temporary relief. "Call her and ask her to pray for you" the inner voice said. "She is only a little girl" I retorted. "Well, if you would rather stay in pain, it is well, but she is the vessel for your healing." That settled it. "Don't hurry away after closing, please there is a kindness you can do for me" I said to her. She was a little reluctant at first, but she was given courage as I knelt down. She put her hand on my head and gave a short history of some miracles of healing which the Lord had granted her since her baptism. As soon as she rebuked the illness, I was instantly and permanently relieved of all pains. Within minutes, a part of the swelling burst, oozing pus. 24	B	xx	Cancer - brain	Healed		There was a killing cancer with several off-shoots even in the brain of a young woman (medical specialists call it MTD). A famous unbeliever friend of mine was the professor in charge of the case. He had an international reputation for work on that disease. And he did all the tests - the x-rays were so clear. The patient, a university graduate - could not write any more. When we had prayed and my God had touched her (for she was a strong believer), the professor could not believe he had the right diagnosis in the first place. The late Professor Lewis made this point very strongly again and again in his book "Miracles". Instead of laying hands on her, the students surrounded her in worship, singing songs, expressing their love to the Lord. Pretty soon, the woman said "My ears opened". The deafness had left. They kept singing and she said: "My speech is clearer". She started speaking clearly. Pretty soon she was moving her limbs around. She exclaimed: "All the pain is gone!" 46	J	xx	Stomache - Cancer	Healed – tumour fell out	E	p178 Smith Wigglesworth lived in England in the early 1900s and had a powerful miracle ministry. AT the start of a meeting, he like to boldly announce "The first person up here will be healed>" Someone would come forward, he would pray for them, and they'd be healed. He used this as an attention getter before delivering the message. Then after the Word, he'd pray for the rest of the sick. One time an elderly woman with cancer in her stomach came to the meeting. She appeared nine months pregnant , it was so large. Her friends brought her forward and held he. Wigglesworth looked at her and the rumour and told the two women holding her "Let her go!" They answered "We can't. She doesn't have strength!". He raised his voice and said it again "Let her go!" So they did. She fell forward on the tumour and groaned in pain. The audience grasped in unbelief. Wigglesowrth said: "Pick her up" Then he said ; "Let her go!" They cried: "We can't" When they finally did, she fell face down again. The crowd moaned. Wigglesworth: "Picke her up" and "Let her go" again. The women argued. Then a man in the audience stood up and yelled: "You beast. Leave that poor women alone. !" Wigglesworth shouted: "You mind your business; I know my business" He turned to the two ladies again and barked: "Let! Her! Go!". When they did, the tumor fell out of her dress onto the stage, and she walked off totally healed.	You've already got it – Andrew Wommack
64	J	xx	Breast - cancer	Healed	S	I had an experience in Goteborg Sweden, speaking through an interpreter... on the third day of the conference I sensed that God wanted to heal a woman in the audience who had breast cancer in her left breast. ... only this morning she was released from hospital, seated directly in front of me and slightly to the right. A woman said in Swedish "Its me lts me". ...asked her to fold her hands over her breast, and allowing one of the man to put his hand on hers, the ones behind placing hands on her shoulders .. before the interpreter could give the instructions, felt a command welling up in me and yelled in English "Be healed in the name of Jesus". Hardly had the words left my mouth when the power of God came down on all four people; they began shaking and knocked off their feet to the floor... the interpreter was so overwhelmed that she started speaking to me in Swedish and to the audience in English. All four rose weeping and praising God, the woman later reported her healing. (p197)	Power Healing – John Wimber
81	J	xx	Breast - cancer	Healed	E	A lady phoned us recently to say that she had cancer of both breasts when she came for ministry many years ago. She was completely healed by God and is now eighty-three years of age. She has had no return of the malignancy. (p 142)	Total Healing – Trevor Dearing

13	K	xx	Bowel - cancer	Tumour gone		P290 I has been asked by friends to go and pray with a chap called Chas who had bowel cancer. Doctors had warned that there would be a 50/50 chance of survival. Problem was that the tumour had grown to the size of a cricket ball. HE was in his late seventies and frail, but boy did he have faith in the Lord. I spent a good time praying over him then left it in the Lord's hands. Didn't see him for quite a while after that. But one day at a church in Newcastle, there was Chas: "I'm still here Davey" I gothim up to testify. He said: "After I came to you for prayer, I went back to the hospital for my operation, but they couldn't find the tumour. It had disappeared. They kept X raying me over and over again but could find nothing. SO they said: "You can't be the same man!" I said: "Of course it's me. Jesus has healed me." The church erupted into cheers. 15	K	xx	Womb – cancer	New womb		P295. ON a previous visit to Sri Lanka, I had prayed for Ravi's wife Shira, who had had her womb removed due to cancer. They were desperate for children and began to petition God, encouraging others to pray and fast also. I agreed to pray for her, and as I laid hands on her stomache, I felt a weird sensation travelling through my hands.- Something was definitely happening. As I prayed I asked the Lord to put a new womb within her, and miraculously he did. So on my return visit,	Gangland to God" Davey Falcus p290

						Shira's periods had started "Praise the Lord"< I shouted, "When are the children coming, Lord?"	
83	K	xx	Prostate - cancer	Healed	E	Geoffrey Hill. In 1980 I was admitted to Southlands hospital for a biopsy. 3 months later I was advised it was malignant prostate cancer – 18 months to live. I shouted Hallelujah ... an opportunity for the Lord" At the meeting, Don prayed for me. Nothing spectacular happened but I knew I was healed. I reported to my director" Jesus has healed me" After this I had to see the doctor every month – and was eventually taken into the hospital for more tests. When the results cam through I was summoned to be told: "Mr Hill, I am pleased to tell you there is no cancer or anaemia. Nothing is wrong with you. For a man of your age, you are disgustingly healthy" p75	Healing the Jesus Way – Don Double
113	K	xx	Prostate - cancer	No need for biopsy	E	A guy was prayed for who was booked to have a biopsy for prostate cancer as two tests had suggested problems. H e went to see the doctor afterwards and was told he does not need to have a biospy after all.	Healing on the Streets – Canterbury – Aug 2009
155	K	xx	Cancer - cervix	Felt fire - converted	U	She then began to cry because there was another clue on the Map that we could never have known about... "tumour" had been listed. She had just been diagnosed as having a cancerous tumour on her cervix. We prayed for her and she felt a fire in the cervical area, and a fire in her heart when she asked Jesus to be her Saviour p76	"The Ultimate Treasure Hunt" – Kevin Dedmon
61	M J	xx b	Leg – broken Lung - cancer	Tumour gone – leg restored	U	Dec 1984 Dear Pastor Wimber...at the end of the service, you had a word of knowledge for a lady with the left leg broken in three places from a bad accident...I asked the Lord if it was Mom and he said "Yes" We all went to the prayer room and two prayed for healing of mom's leg and also for her lung cancer. While we were praying, Suzy said she could feel the tumour disappear. Mom went in for her scheduled checkup after she got back to Portland Oregon. There was no sign of the tumour on the X-ray where previous X-Rays taken from the same angle had shown a mass larger than a golf ball. The blood tests confirmed that the cancer had gone... as for her leg, the day after prayer she walked up and down the Queen Mary ship and the Spruce Goose aeroplane, which she could not have done before. Her knee cap which was hard to find and rigid before (so hard to find that her current doctor at first thought it had been removed) is now visible and it moves as it should...(p 151-152)	Power Healing – John Wimber
2	A	z	Sickness to death – breathing / convulsions	Convulsions stopped / breathing easier	E	That night I prayed for the man, whose name is Eric, and he made it through the night...Lord said@ Davey I want you to go to Manchester and lay hands on this man.." "This is Davey, and he's come all the way from Newcastle to pray with Eric.." Could see a man in corner (Hospital bed) jerking all over (believe this is called the death throes) ... was alarmed at the sight...I then proceeded to pray every warfare prayer I could think of "In the name of Jesus Christ of Nazareth, I command every bit of sickness to leave this body... your sins are forgiven... I loose you from all curses and covenants with darkness.. Luke 10.19 " "I give you power over all the enemy, and nothing shall harm you." "I command and decree healing this very hour in the name of Jesus Christ of Nazareth, I command life and health and strength to fill this body. I command every organ to be renewed.. finished with Isaiah 53 "By your wounds we are healed" After ten mins of praying, Eric's breathing became easier and the convulsions stopped.. so we left him, I was a bit disappointed.. I expected him to jump out of bed in a raising like Lazarus" I felt an assurance in my spirit that the work had been done. The following day, we received a phone call to say that Eric was in a normal ward, sitting in a chair, drinking a cup of tea. This was an absolute miracle. This is the power of the risen Lord at work. A week later was told that all his organs were working fine, and he no longer needed a kidney transplant, our Lord is awesome! 40	A	z	Death	Revived	A	This was a Mission Hospital. It was not my pitch and I was not in control. I had in fact given a month's notice of my resignation from the part-time job. Death on the operating table is a nasty blot on a medical career. I felt I had to find a solution. My comfort was that I had seen Jesus do this "raising from the dead" on two occasions. I stepped forward to where Mrs. Oomen had been. Raising my voice, I spoke to Death. It had become almost tangible, a ghost towering over and frightening everyone present. "Death, stand back from the man, leave the room and go where you belong in Hades, in the name of Jesus." Nothing appeared to move. "Lord Jesus, by your hand everything was made, put life back into this man." The man rolled, gave a cough and opened his eyes. Relief flooded my soul. I felt like creeping into a hideout (all that spectacle), but the name of Jesus acquired new dimensions in the Kano Mission Hospital.	From Medicine to Miracles – Dr Isaacs – Sodeye

41	A	z	Dying from bleeding	Healed	A	After circumcision, there was oozing of blood from the site. The parents hoped it would stop. By the time they came to Asmau Memorial, the boy was almost literally exsanguinated. He started to gasp and the mother gave up all hope. I took the father out and we claimed the prayer of agreement (Matt. 18: 19). I went back in and asked Jesus to give life, whilst I rebuked Death. Jesus honored our prayer. 47	A	z	Dead	Revived		p189. One evening I was preparing to start a service, and this man's son came in and waved me down ... drove us straight to his parents' house. I thought we were to pray for his father, that maybe he'd had a heart attack and was in some pain. When I got there, the sheriff was there trying to get his oxygen mask out. The wife was crying> "O God please bring Everett back from the dead." The first time I realised he was dead. Since I had already invested so much time in this man and his healing, my first thought was: "No way!". So I walked over and said: "Everett, in the name of Jesus, come back into that body" BOOM – he just sat up healed! (Later that day, the doctor checked him out and confirmed it!) ... I prayed and didn't have time to disbelieve it. That's why it worked.	You've already got it – Andrew Wommack
59	A	z	Death – 12 hours	Revived	A	Pastor Surprise is an apostolic leader working with Rolland and Heidi Baker of Iris Ministries in Mozambique. During an evangelistic crusade when he was preaching, a 9 year old girl died, threatening to end the meetings. The entire village was stricken with grief. The next day, Pastor Surprise went to visit the family, and the child's body was still in the hut where she had died. As he was praying for the family, he happened to be holding the girl's hand...not praying for her to be raised from the dead, yet after a few minutes the girl squeezed his hand. She raised up about 12 hours after her death because someone was filled with the Holy Spirit.. which is released through faith and compassion, and faith and compassion are never self-centred. 43	B	z	Near death – head-aches	Revived	A	Two young relations, ten and twelve respectively, had developed a mysterious illness with headache, a few hours previously. They both gave up. The man had been so vigorous with artificial respiration and cardiac massage that blood had oozed from their mouths. However, only the older one revived but was still groggy when I arrived. I called on the name of the Lord and rebuked death. The boy, Cletus, revived to the glory of Jesus.	From Medicine to Miracles – Dr Isaacs – Sodeye
